

Loading Dock Lights

Chalfant Dock/Fan Lights provide an atmosphere for improved employee safety and efficiency – because employees are more comfortable, less fatigued from heat and forklift fumes, and have better visibility within the trailer.

High velocity, 18" Dock Fans generate a high CFM for effective air circulation.

- Motor: 1/8th HP, 2.0 amp
- 3-Speed, Self lubricating
- Safety grills front and rear
- Light-only switch (Incan. & HPS)
- Fans quickly removed if not in use

Manufactured to industrial standards:

- Double strut steel arms
- Powder coated safety yellow
- 52" Overall reach
- 14 Gauge, 1-1/2" Steel tubing
- Nylon & steel washers
- 3/16" Steel Mounting plate
- 18/3 SJT cordset with plug, 4-1/2"

All Chalfant dock fixtures are UL Listed and meet NEC and OSHA general safety requirements. The addition of a polycarbonate lens to any of our HPS fixtures, makes them safe for food handling and processing areas.

DOUBLE STRUT - DL

Shown with Metal Head.

- Double strut mounting arm provides greater strength.
- 1-1/2 inch, 14 gauge square steel tubing.

Order Model	Arm Length	Head Type	Shipping Weight
DL-24	24"	Metal	13 lb.
DL-40	40"	Metal	16 lb.
DL-60	60"	Metal	20 lb.

DOUBLE STRUT - FANL

- Double strut mounting arm provides greater strength.
- Three speed adjustable fan with 18 inch blades provides up to 4200 cubic feet per minute (cfm) at 2 feet.

Order Model	Arm Length	Head Type	Shipping Weight
FANL-24	24"	Metal	32 lb.
FANL-40	40"	Metal	35 lb.
FANL-60	60"	Metal	39 lb.
